Subject: 1/28/2021 Testing Update
Date: Saturday, January 30, 2021 12:52:00 PM

Good afternoon,

Health Services has confirmed the following results from the **86 COVID-19 tests administered on Thursday, January 29, 2021**

- 83 negative tests
- 3 tests either inconclusive or not able to be processed (these individuals will be re-tested today).

As a reminder, all students on campus who arrived since Thursday (1/28/2021) will quarantine in their rooms until the College has received “day-0” test results for **all students**. We estimate this to be until Monday morning. The College will be providing updates to all testing results on a daily basis.

Michael Luciani, MBA

Vice President for Student Affairs & Dean of Campus Life
