Subject: 2/25/2021 Testing Updates
Date: Friday, February 26, 2021 2:20:25 PM

Good afternoon,

We have some **MORE GOOD NEWS** to share about the **22 COVID-19 tests** administered on **Thursday, February 25, 2021**. Health Services has confirmed that:

- 21 tests returned negative
- 1 test remains pending
- 0 positive tests!

-
The pending test is being processed through the local Quest lab and will take a few days. This student will remain in quarantine for close contact until the results are available. All other students and employees have been cleared to end their quarantine for close contact. Students are being notified now that they can leave quarantine housing and return to their residential assignment.

Summary of Testing Results from 2/24-2/25

	Wednesday 2/24/2021	Thursday 2/25/2021	Totals
Tests administered:	479	22	501
Negative:	475	21	496
Not Processed:	4	0	4 (all re-tested)
Pending results:	0	1	1

This is certainly a tremendous difference from where we were one week ago. We know how difficult this past week has been, but the results we have seen today show that masking, distancing, hygiene, and symptom reporting are critically important to reduce the spread of the virus and keep our community safe and well. We appreciate everyone's cooperation and compliance with the enhanced precautions the College put in place over the past week.

If you have any questions, please feel free to contact PublicHealth@landmark.edu

Sincerely,

Michael Luciani, MBA

Vice President for Student Affairs & Dean of Campus Life
